

IASGT 2026

Structural Geology in a Changing World: Tectonics, Resources, and Sustainable Transitions

CALL FOR POSTERS

Students and Early Career Researchers, don't miss this opportunity to present a poster at the IASGT Conference!

Key Topics:

- Exhumation
- Continental deformation
- Microscale processes
- Rheology
- Geodynamics
- Fractures quantification
- Numerical modelling
- Magnetic methods
- Geophysical inversion
- Pan-African tectonics
- Orogenesis
- Geometallurgy
- Deformation and mineral deposits
- Structural geology & data analytics
- Field structural geology
- Tectonics of the West African Craton
- Basin structures
- Isotopes as tectonic markers

Selection Criteria

- Be currently enrolled in a Master's or PhD program, or be an early career researcher within 3 years of completing a PhD, at a university in Africa.
- Be able to travel to Accra to attend the conference (22–24 July 2026).

How to Apply

Applications must be submitted online on the Agate Project website / [IASGT Conference 2026](#) page via the form "Students/Early Career Online Registration of Interest Form".

It is important to consult the Guide for Students and Early Career Researchers to learn about all the application requirements and procedures.

Financial Support

If you wish to be considered for financial support to attend the IASGT Conference and present your poster, please select the corresponding option at the end of the online application form.

Sponsorships will be granted subject to the acceptance of the poster abstract and the limited number of available places.

Key Dates

Poster abstract submission deadline: **15 April 2026**.

Notifications of acceptance will be communicated after evaluation on the **15 May 2026**.
